TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Charlestown, in the County of Sullivan, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in Charlestown, on Tuesday, the twelfth (12th.) day of March next at nine o'clock in the forenoon, to act upon the following subjects-

Art. 1. To choose the necessary officers for the ensuing year.

Art. 2. To bring in your votes for the election of Delegates at Large, Alternate Delegates at Large, Delegates and Alternate Delegates to the National Conventions of the various political parties to be held to nominate party candidates for President and Vice-President of the United States.

Art. 3. To consider the Budget. To raise such sums of money as may be deemed necessary for the maintenance of the poor, laying out and repairing highways, building and repairing bridges, street lighting, and for the necessary charges arising within the town.

Art. 4. To see if the town will vote to allow the Selectmen to deliver the inventory blanks at the time of taking inventory.

Art. 5. To see if the town will vote to authorize the Selectmen to borrow on notes on the credit of the town, such sums of money as may be needed to meet current expenses in anticipation of taxes.

Art. 6. To see if the town will vote to raise and appropriate the sum of \$400.00 for the purpose of co-operating with the State Forestry and Recreation Department in regard to white pine blister rust control.

Art. 7. To see if the town will vote to raise and appropriate the sum of \$656.20 for town road aid, the State to contribute \$2,624.82; this money to be expended on the Acworth Town road.

Art. 8. To see if the town will vote to raise and appropriate the sum of \$2,784.00 for state aid construction, the State to contribute \$2,784.00; money to be expended on the Acworth Town road.

Art. 9. To see if the town will vote to petition the State Tax Commission to have an audit made by the municipal accounting division and to make an appropriation to cover the expense of such audit.

Art. 10. To see if the town will vote to improve, also plow the sidewalk on River Street from the corner of Main Street to the railroad crossing and raise and appropriate money for same.

CHARLESTOWN TOWN REPORT

Art. 11. To see if the town will vote to replace the electric light on the corner of North Main and River Streets near the residence of Norman J. Crowey.

Art. 12. To see if the town will vote to accept all trust funds received for perpetual care of lots in the cemeteries.

Art. 13. To see if the town will vote to increase the salary of the Overseer of Poor \$50.00 per year.

Art. 14. To see if the town will vote to raise and appropriate the sum of \$185.64 for the issuance and distribution of printed matter calling attention to the resources and natural advantages of the town, in co-operation with other towns in the Dartmouth-Lake Sunapee Region, said appropriation to be disbursed by the selectmen.

Art. 15. To see what action the town will take in regard to purchasing a grader or tractor for highway work.

Art. 16. To see if the town will vote to pay the New Hampshire Firemen Retirement System the sum of \$66.00, this amount to be taken from the Fire Department appropriation.

Art. 17. To see if the town will vote to discontinue the Office of Chief of Police and authorize the selectmen to appoint a suitable number of officers for law enforcement to be paid for services rendered when on duty.

Art. 18. To see if the town will vote to install a hydrant on top of hill on Briggs Avenue, cost of same to be paid for out of Water Department earnings.

Art. 19. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto, and to transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-fourth (24th.) day of February, in the year of our Lord, 1940.

W. B. WOOD, (Seal)

R. K. WEEKS, (Seal)

H. E. BUSWELL, (Seal)

Selectmen of Charlestown.

A true copy of warrant—Attest:

W. B. WOOD,

R. K. WEEKS,

H. E. BUSWELL,

Selectmen of Charlestown.

FINANCIAL STATEMENT

1939

Town of Charlestown — Pine Blister Rust Control

Town Program

Crew cost, (paid by Town)	\$	400.00
Foreman cost, (paid by State)		103.40
		<hr/>
Total expended	\$	503.40

Area covered 1,165 acres.

Currant and gooseberry bushes destroyed 16,726.

Number of local men employed 6.

Health Officer's Report

Contagious diseases reported between February 1, 1939 and January 31, 1940 include several cases of measles, two cases of syphilis as well as a few cases of mumps and whooping cough.

Samples of water have been sent to the State Board of Health from both the village and North Charlestown supplies at various times for analysis and in most cases there were no criticisms. A situation which developed in regard to possible contamination is contained in a report given by the Water Commissioners.

Milk samples from the various dealers have been sent to the State Board of Health whenever asked for and the reports have been, in all cases most satisfactory. Milk of considerable higher quality than required by law is being distributed in Charlestown by the different dealers.

One Child Health Clinic was held under the direction of Miss Elizabeth H. Carriel, Staff Nurse of the Division of Public Health Nursing. Thirty-eight children attended. Seven defects were found. A Diphtheria Immunization Clinic was held at which seventeen received treatment. The State Nurses made thirty visits to the Town.

There has been an unusually large number of vaccinations and other medical expense during the year and for this reason the appropriation was unavoidably overdrawn for the first time in many years. Items of these expenses will be found in the detailed statement of payments made by the Selectmen.

LOUIS L. COMSTOCK, Health Officer

A few years ago the Water System was improved by investing \$20,000.00 in replacing small pipe with six-inch mains between the village and the toll bridge and from Charlotte Davis corner to near Burt Cross residence. This was accomplished by a PWA grant of \$8,000.00, money not to be paid back, and by borrowing \$12,000.00, money to be paid from the net earnings of the water system.

Three \$800.00 notes have been paid and there is now money in the treasury to pay three more if circumstances warrant their payment. This would reduce the debt to \$7,200.00.

A peculiar situation arose in the last year on account of the erection of some temporary buildings near one of the small brooks supplying the village reservoirs. Although there is a law making it a misdemeanor to erect and occupy buildings in the manner that these were occupied, your commissioners assumed that the occupants originally, did not appreciate this fact, and in order to safeguard the water supply we settled with the occupants as our financial report shows, in order to bring about an immediate vacating of the premises, which was accomplished.

It would seem consistent that any future situation similar to these, would be regarded as a wilful act and be settled as the statutes allow such conditions to be settled, without cost to our municipality.

Frequent tests by the State Board of Health always show the water in good condition.

You can see by the financial report that there is a constant expense in the upkeep of the system. On the whole, in consideration of the fact that it has been in operation about thirty-four years, replacements and upkeep has not been too bad.

Clearing up about the reservoirs by the superintendent is constantly going on and the general situation is gradually being improved

Our program is to push improvements to safeguard the purity of the water and to always strive to do so without unnecessary expense.

The North Charlestown system comes from water filling a basin, the surroundings of which are not everything to be desired, but the water is kept in a rather satisfactory condition by cleaning the reservoir annually.

The State laboratory tests from this water are satisfactory.

O. C. YOUNG, Treasurer Water Commission

The library was very fortunate in having over 400 books given to it by Dr. Linda B. Lange of Philadelphia. Dr. Lange is a niece of the late Mrs. Charles Morse, to whom the books formerly belonged. All types of books were included and have been found very useful. Dr. Lange also gave the library three bookcases which were greatly needed.

Other people who have given books to the library are Mr. Harold Morrill, Mrs. Edwin Morrill, Miss Ida Bracher, Mr. Richard Manwell, Mr. Clarence Huntley, Mr. Laurence J. Smith and the Daughters of the American Revolution.

A book census has been taken of the books in the circulating collection as a large number of early imprints before 1850 have been removed from circulation.

In the Fall Miss Parker brought her sixth grade reading class to the library for a little instruction in the use of the catalog and practice in finding books. She was given a list of books in the library suitable for sixth grade

readers which she had mimeographed and gave to each member of the class.

For Book Week this year Miss Streeter's sixth grade English class made some very good looking posters for display in the library in which each member of the class illustrated the title of his favorite book. A book was given as a prize for the best poster which was made by Marilyn Brown. She chose as her favorite book "Hans Brinker, or the Silver Skates." New books as well as the posters were on display during Book Week.

The Bookmobile has been coming about every six weeks with books to lend us from the Public Library Commission. This service is much appreciated by the townspeople.

The sand table has been very nicely decorated each month by the school and others.

The library held a Hobby Show in the Fall to which some very interesting hobbies were brought in by the townspeople. Next year we hope more people will lend their hobbies.

There were too many books acquired this year to list in the town report and a separate list is being printed. It may be obtained at the library.

BELLE MILLER.

AUDITORS' REPORT

We, the undersigned Auditors of the Town of Charlestown, have examined the accounts as set forth in the accompanying schedules of the Selectmen, Town Treasurer, Treasurer of the Silsby Free Public Library, Water Commissioners, Town Clerk, Tax Collector, and Trustees of Trust Funds, and other Town Officers, and find them correct.

Superintendent's Report

To the Charlestown School Board:—

I hereby submit my tenth annual report as your superintendent of schools.

Three very able young teachers left us at the close of last year; Mr. Waldo Streeter to accept a better position in Berlin, N. H., Miss Mary O'Toole and Miss Virginia Symonds to do advanced work at Boston University. In October Miss Katherine Demeritt resigned.

The four positions have been filled by Miss Miriam Palmer to teach instrumental and vocal music, Mr. Richard Dundas to have charge of manual arts work, Miss Alice A. August to teach commercial subjects, and Miss Marcella Tierney to teach the four lower grades at the Farwell School. Miss Palmer has a degree from New England Conservatory of Music, Miss August is a graduate from Boston University, Mr. Dundas holds a degree from Keene Teachers' College, and Miss Tierney received her degree from Lowell State Teachers' College.

They are inexperienced teachers with excellent training and scholarship, and each came very well recommended. I feared that there would be a let down in the work, but I am happy to report that at this time there is a noticeable improvement all along the line. The four new teachers have good dispositions and a willingness to extra and unselfish work which is not spectacular, but is of great value for the progress of the pupils who are in their care. I speak of this because we are apt as citizens and officials to take notice of the spectacular which is sometimes a sign of good teaching and often a cover for poor teaching.

The high grade of work being done in our schools, and the apparent cooperation among the teachers this year is in large part due to your being able to retain eleven of the very able teachers of last year's force. Headmaster William Steele, Principal John Lylis, and Principal Elizabeth Smith have their school exceptionally well organized

and in good control at all times. Parents have noticed and often report to me of the superior work being done by Miss Helen Streeter, Miss Flora Longa, Miss Lois Parker, Miss Hazel Oeschger, and Miss Susie Benway in the grades. Miss Clarissa Edwards has a strong home economics department while Submaster Harold Morrill and Mr. Allen Brown have proved their ability as teachers by teaching with success the odd subjects left for them after the other assignments have been made.

I wish to draw your special attention to the financial problems of our schools.

Among the incomes it is noticeable that there has been a rapid drop in the state aid since 1921. This is due mostly to two factors—the increase in the valuation of Charlestown for which $\frac{1}{2}\%$ is deducted from the state aid check, and the failure of the state legislature to appropriate money enough to meet the obligations to the districts. The cuts made by the state legislature during these years have placed heavier and heavier burdens on the state aided towns.

Vocational aid helps pay the salaries of the teachers of home economics and manual arts, and thus reduces the additional local costs for teachers' salaries. The gifts of 1927-33 included that for the building of the Holden School. The great increase in the sale of supplies and books is due to a special handling of accounts to bring a saving to Charlestown and to the smaller districts. If you will subtract the supplies sold from those bought you will find a great reduction in the net costs. As far as having the money to use in a given year is concerned, money borrowed is the same as money raised by taxes.

Salaries, etc. have increased \$259.53 since 1921-1927, transportation \$1,781.89, health including dental clinic \$413.97, teachers' salaries \$1,014.39, insurance \$91.72, and supplies \$563.66. We have thus far met these advances in costs together with the sharp cuts in state aid with only an advance in local taxes and borrowing of \$1,007.23.

Rigid economy along other lines have helped cover

the increases—costs of administration have been reduced \$218.78, janitors' salaries \$165.40, fuel \$580.84, repairs \$101.88, and payment of debts \$477.23.

The following increases in incomes have helped:—vocational aid \$557.12, tuitions \$194.18, sale of books and supplies \$1,366.21, and dog taxes, etc. \$144.19.

I believe that it is the desire of the parents and citizens to keep our schools on a fairly high level along such lines as the condition of the buildings and grounds, the standards of teaching and apparatus for the work, the transportation of all pupils, including high school pupils, who would have difficulties otherwise, and the health of the pupils including dental clinics. I fear we cannot maintain those standards with all of the new demands without asking for more financial aid.

One of the worst debts that we could leave for the next generation would be a large group of pupils not prepared to meet new situations, not able to support themselves, and not able to find enjoyment that is not harmful to themselves nor to others.

The following report was sent me by Mrs. Zephyrine L. Hasham, school nurse.

January 1939 to January 1940 inclusive.

“This report is given in order to bring to your attention factors in the school health program.

“For the first time there has been given a physical examination of the first grade children in the presence of their own parents. Dr. Paul Willard made the examinations at specified times during October.

“Annually Dr. Oscar Young examines all boys and girls who are out for various sports activities.

All pupils have been tested this winter with a group audiometer. 36 pupils have hearing faults.

33 pupils are under weight, 12 corrected.

17 pupils have defective vision, 6 corrected.

10 pupils have anemia.

36 pupils have poor posture, 30 improved.
21 pupils have enlarged tonsils, 9 corrected.
79 pupils have need of dental care, 61 corrected
at the annual dental clinic''.

May I add to the above report that I appreciate the faithful work of Mrs. Hasham, and the generosity of Dr. Young and Dr. Willard.

I wish to thank the citizens, school officials, and the teachers for their help and kindness.

Respectfully submitted,

WALTER L. MASON,

Superintendent of Schools.

Athletic Association

The Athletic Association wishes to thank Dr. O. C. Young who has, as in past years, donated his proffessional services to the members of the basketball squads.

In behalf of the Athletic Association I wish to thank Mr. John Nelson who has willingly provided bus transportation, at a very low cost, during the current season. To the driver of the bus, Mr. Charles Davidson, the members of the Athletic Association extend their sincere appreciation.

In recognition of the many banquets that Mr. and Mrs. Fred Huntley have given the members of the basketball squads the Athletic Association wishes to express its sincere gratitude.

I want to thank Mr. and Mrs. A. H. Sayce for the donation that they gave to the Association, and at this time, in behalf of the Senior Class, I also wish to thank Mr. Sayce for his assistance during the Second Annual Winter Carnival. Through his help the Class of 1940 cleared \$225.12 during the Winter Carnival. This amount exceeds by almost \$100.00 the sum realized during the First Winter Carnival. To the townspeople who so generously supported the events scheduled during the Winter Carnival the Senior Class members are most grateful.

To all teachers who have helped during the basketball season I wish to express my personal appreciation.

A ticket selling booth was installed by the members of the Industrial Arts class, under the supervision of Mr. Dundas, and this has been a very worthwhile improvement at the Town Hall. During the last baseball season the Industrial Arts class erected a new backstop at Mr. Brackett's field. The lumber for this project was purchased by the Athletic Association.

The Athletic Association sponsored basketball teams for the Junior and Senior High School pupils, a baseball team and a tennis team. It is hoped that during the coming tennis season jackets will be available for the members of our squad. The tennis team was under the direction of

Mr. Brown and was, financially, self-supporting. During the season the tennis team receipts amounted to \$19.00 and expenditures amounted to \$14.50.

During the past month the Athletic Association engaged Mr. Harold Moody, ski instructor from Claremont, N. H., to come to Charlestown and devote one afternoon to free instruction for all girls and boys in the school who might be interested in skiing. In order to assist the Charlestown Grange with the remodeling work that is going on at the Town Hall kitchen, the Athletic Association donated the sum of \$5.00.

In this report I wish to list the amount of money deposited in the Connecticut River National Bank, belonging to each class and the Glee Club.

Senior Class Account, (checking)	\$386.36
Junior Class Account, (savings)	14.13
Sophomore Class Account, (savings)	9.57
Freshman Class Account, (savings)	13.75
Glee Club Account, (savings)	43.45

Respectfully submitted,

W. H. STEELE

Submitted by,

W. H. STEELE

Report of Supervisor of Music

In the fall of 1939 I found music well established in the schools of Charlestown. I aim to carry on to the best of my ability a program whereby the child through the grade school learns to sing, learns to listen, learns to translate music into bodily movement, personal expression and individual experience. His piano class lessons should serve as a foundation for his later instrumental lessons. Also the fact that he is a member of the drum-corps is an experience which instills discipline and rhythm in him, and is a stepping stone to the High School Band. In High School the main motive of the music system is not only to enrich the lives of the students while in school, but also to have music carry over into their lives after the school days are over.

This school year there are one hundred and five pupils enrolled in the instrumental classes. These classes include free instruction on the following instruments: fife, bugle, drum, cello, violin, saxaphone, clarinet, cornet, trumpet, trombone, mellophone and piano.

The band has an enrollment of twenty-five members. Thus far this year the band has played at three local affairs, which are; two skating meets, and a basketball game.

The orchestra claims a membership of twenty-four. The orchestra has played on three occasions, these being; the Senior High Play, the Junior High Play and a Congregational meeting. This year a beginning orchestra has been formed of members who are first year students on their instruments. This organization has fifteen members. They are doing fine work and should be ready to give a public performance in the spring. The first and second grades, consisting of fifty-eight children, have formed a rhythm band which meets once a week.

The drum-corps consists of thirty-five members. This organization has its own officers and is self managed. It has played at one basketball game.

Aside from the instrumental music the High School

has two Glee Clubs. One is for girls which consists of sixteen voices. The other Glee Club is made up of twenty five mixed voices. There is also a Junior High School mixed Glee Club of twenty voices.

This year the New Hampshire State Music Festival will be held at Laconia. Eight members' names from the High School Mixed Glee Club have been submitted as delegates to participate in the All State Chorus. Three members from the band and orchestra have been chosen as participants. Also the drum-corps will be entered in the New Hampshire Festival.

The music in the grades of Charlestown and North Charlestown has consisted of singing in the form of rote, study, two-part and three-part songs, theory, music appreciation, the study of instruments, rhythm work, and folk dancing.

A new credit course, "Musical Theory" is being taught this year as an alternating subject with "Music Appreciation" of last year. The textbook for the course is "An Approach to Harmony" by McConathy, Embs, Howes and Fouser.

Musical Theory is the study of the technical side of music, covering scales, key signatures, sight singing, musical dictation, chord construction, creative work, transposition, musical form, analysis of music, and an elementary approach to orchestration. This Theory course has great possibilities for deepening and enriching artistic experience and insuring the development of greater appreciation of music.

I want to take this opportunity to thank the school board, Superintendent Walter Mason, the faculty and friends of Charlestown and North Charlestown for their many kindnesses, cooperation and interest in the Music Department.

MIRIAM E. PALMER,

Supervisor of Music.
